Fifth Biennial Meeting of States
Overview of National Reports

16 June 2014
UNODA
Programme of Action (PoA) and International Tracing Instrument (ITI): Mandates on national reporting

Under the Programme of Action:

States requested the UN to “collate and circulate data and information provided by States on a voluntary basis and including national reports, on implementation by those States of the Programme of Action.”

Under the International Tracing Instrument:

“States will report on a biennial basis to the Secretary-General on their implementation of this instrument […].”
